Nick talked about getting the money for Deb Ajango's WFA class reimbursed and bringing Paul Anderson in for a training Oct. 8th. Paul would not charge for the training, but air fare and lodging would need to be provided. Nick also looked for a replacement buckle for the litter, he found an exact match but the company only does a \$150 minimum orders and each buckle was less than a dollar, so he is looking for an alternative supplier.

Steve handed out large (60 mL) syringes for cleaning wounds for first aid kits to members present. Steve let us know that he will be gone August through October. Normally he would have Paul stay with him, but KISAR will need to find somewhere else for Paul to stay while he is here during the training.

Steve mentioned that the hut needs repairs, and he went over what tools/supplies are at the hut and said he was happy to supply more to anyone heading up there and willing to do some work on the place.

Meeting adjourned at 7:17pm

Following the meeting, Bayside personnel demonstrated the correct use of the Stokes litter and Sked litter along with practicing packaging a rescue dummy.
